## PROFESSIONAL SUMMARY

---

Full Stack Developer with hands-on experience in building responsive, scalable web applications using the MERN stack. Proficient in creating clean, reusable frontend components and efficient backend APIs. Passionate about collaborating with teams to deliver impactful web solutions with a focus on performance and user experience.

## EDUCATION

---

**Trinity College of Engineering and Research**  
*Bachelor of Engineering, Information Technology; CGPA: 7.2*

**Nov 2022 – Jul 2026**  
*Pune, Maharashtra*

## EXPERIENCE

---

### Menteronics

**June 2025 – Current**

*Freelance Trainer*

*Pune, Maharashtra*

- Conducted hands-on training sessions on web development technologies including HTML, CSS, JavaScript, React.js, and Tailwind CSS.
- Created structured lesson plans, coding exercises, and real-world project assignments to enhance practical understanding.
- Mentored students individually and in groups, resolving doubts and providing guidance on best coding practices.
- Evaluated student performance through regular assessments and provided constructive feedback to support growth.

### Node Media

**Dec 2024 – May 2025**

*React Developer Intern*

*Pune, Maharashtra*

- Built scalable and reusable UI components using React.js and Tailwind CSS to ensure design consistency and efficient development.
- Collaborated with designers and backend developers to implement responsive and dynamic web applications.
- Wrote clean, maintainable code with a focus on component reusability, performance, and cross-browser compatibility.
- Participated in team code reviews, agile ceremonies, and version control using Git to maintain development best practices.

### EY GDS

**Feb 2025 – Mar 2025**

*MERN Stack Developer Intern*

*Pune, Maharashtra*

- Built a full-stack MERN application with user authentication, recipe management, and a responsive UI using React.js, Node.js, MongoDB, and Tailwind CSS.
- Implemented features such as user authentication, recipe creation/editing, and responsive UI design.
- Gained practical experience in full-stack development, REST API integration, and MongoDB data modeling.

## PROJECTS

---

### Recipe Sharing platform — Next.js, Node.js, MongoDB, Tailwind CSS

- Independently designed and developed a recipe-sharing website using Next.js, Node.js, MongoDB, and Tailwind CSS.
- Implemented features such as user authentication, recipe creation/editing, and responsive UI design.
- Strengthened full-stack development, REST API integration, and MongoDB data modeling.

### Portfolio Website — React, Tailwind CSS

- Designed and developed a personal portfolio website to showcase projects, skills, and experience.
- Implemented a clean and minimalistic UI using Tailwind CSS and ensured full responsiveness across devices.
- Focused on reusable React components and smooth navigation to enhance user experience.

## TECHNICAL AND PROFESSIONAL SKILLS

---

**Languages:** JavaScript, JAVA, C++, Python

**Frameworks/Libraries:** React.js, Next.js, Node.js, Express.js, Tailwind CSS

**Databases:** MongoDB, SupaBase(PostgreSQL)

**Core Technical Skills:** Full-Stack Development, Responsive Design, Git
